H&K GROUP, INC. HOSTS SUCCESSFUL JOB FAIR

Skippack, PA – In response to a record backlog of secured contract work on both the heavy civil contracting and materials segments of their business platform, [H&K Group, Inc.](#) (H&K) and The H&K Group Family of Companies held an extremely successful, multi-divisional Job Fair on Saturday, February 16, 2019.

Hosted at the company's expansive Materials Division facility in Skippack, The H&K Group's Job Fair enabled hiring managers to conduct interviews to fill numerous full-time positions in both the trades and skilled/technical employment levels. In attendance to conduct same day interviews were managers from many of H&K's heavy civil contracting, construction materials and materials/freight transport affiliates. Company ownership was also on hand to meet prospective candidates, guide and direct individuals to H&K's various testing and interview locations as well observe and gauge the overall success of the hiring event.

The H&K Group is extremely delighted to announce that 141 applicants attended the Job Fair and hiring managers from 8 different locations filled 39 key positions on February 16th. Key positions have been filled in the following areas: operators, general laborers, Quality Control Technicians, Superintendent and numerous (CDL) tri axle drivers.

Commenting on the overwhelming success of H&K's February 16th Job Fair the morning of the event, Vice President and Human Resources Director Stephen M. Nelson, indicated, "We had high expectations for the job fair with our record amount of backlog for 2019, but we did not expect the tremendous turnout and high level of candidate quality that we've seen today. I am thrilled with the excitement of the candidates, and fully anticipate great hiring success if the interest and eagerness of the candidates translates to proper qualifications and experience. We have a very strong project backlog ahead of us and continue to see a huge demand for qualified employees."
